

Model: CL 100

Series: CLASSICS

Broad side elements down to the ground and the evenly supported overall piece express security and enduring value. The minimal lines of this design are loosened by the diagonals of the armrest cushions. Different width armrests create accents, as does the version in a powerful red shade. The arm cushions are the width of the side elements here and so conform to the overall vertical alignment. This subtle change gives our success model a new artistic character.
